PRINCIPAL CONSULTANT and OWNER

HOLLY ELKE , CSP, CRSP, CHRP, CMQOE
Senior QHSE Advisor and Owner

CSP - Certified Safety Professional (USA)
CRSP - Canadian Registered Safety Professional
CHRP - Certified Human Resource Professional (Canada)
CMQOE - Certified Manager of Quality and Organizational Effectiveness (ASQ - USA)

- ENFORM Certified External Auditor
- Alberta Safety Council Certified External Auditor

Holly Elke has over seventeen years in developing and implementing integrated Safety, Environment and Quality Management Systems. As a senior QHSE Advisor, one of primary areas of focus is on customizing and implementing applicable Risk assessment programs. This includes using a variety of risk analysis tools (Task/facility hazard analysis, Root-cause analysis, FMEA/FMECA, FTA, What-if studies, HAZOPs , Acquisition assessments/EIA, Product Safety programs, etc.) and relevant Control Strategies / Programs for her clients.

Her previous activities have included assisting a variety of organizations in the health, forestry, oil & gas, and manufacturing industries in Western Canada, the USA, and the Caribbean (PAHO/WHO – United Nations) attain and maintain relevant industry certifications (ISO 9001/14001/17025/ 13485 , Certificate of Recognition, Responsible Care, etc.).

Holly is also a certified external health and safety auditor for [ENFORM's](#) Basic Safety Program protocol and the Partnerships audit instrument as approved by the [Alberta Safety Council](#). She is a certified instructor (ISW for SAIT instructors) with over 10 years of experience in developing and facilitating OHS and Quality Management training courses. She is currently a casual part-time instructor at the [Southern Alberta Institute of Technology](#) in Calgary , Alberta , Canada .

Holly has been a presenter at the local chapters of the CSSE and ASQ in Calgary Alberta, the 2006 ASSE Professional Development Conference and the 2006 Provincial PDC in Edmonton Alberta. Holly is also now co-owner of SPM Solutions Inc.

PARTNER CONSULTANT

KEVIN BRUCE, CET, CRSP, CCEP
Senior Health, Safety, & Environmental Consultant

CET - Certified Engineering Technologist
CRSP - Canadian Registered Safety Professional
CCEP - Certified Environmental Practitioner

Kevin has over 12 years experience in developing Corporate Environment, Health and Safety Programs, Process Safety Management Programs, Corporate Emergency Response Plans. Since the inception of Peak Safety in 2006, Kevin has also taken on the role of Corporate EHS and ER Co-ordinator for several organizations in the Oil/Gas, Waste Management and Chemical Industries.

The primary focus of Peak Safety is to provide a variety of risk management and risk assessment services including Process Hazard Analysis (HAZOP and What-if? Etc.) facilitation, residual risk assessments, job hazard assessments, aspect and impact assessments, site and concern specific assessments and post-incident reviews that focus on risk reduction.

Kevin also conducts corporate management and process system audits for organizations within Canada and internationally. Recent projects have included developing and verifying program compliance to ISO 14001 and OHSAS18001 (BSI 8800). Training services in safety management, hazard assessment, process safety, regulatory compliance, incident command, rescue techniques, emergency response, high angle rescue, and crisis management are available.

As an environmental engineering technologist, Kevin can also assist you with site assessments, site remediation projects, dispersion modelling, spill response, and indoor air quality investigations. Kevin is also now co-owner of SPM Solutions Inc.
